Reference Letter for Proline Roofing Brick Restoration

To Whom It May Concern:

In the fall of 2011, Proline roofing was contracted to re-point and repair the masonry of our heritage building in the Old Towne district of Victoria, B.C. prior to replacing the roof. The work comprised of re-pointing brick walls and roof areas, the removal of a parapet, and repairing and restoration of 3 chimneys.

The work was completed in a timely fashion and the personnel from Proline were always pleasant and easy to deal with. The quoted price was very reasonable and we have been very happy with the quality of the masonry work Proline completed for us.

Regards,

Matt Simmonds
