Regarding: Letter of Recommendation for Proline Roofing

Dear Mauricio:

On behalf of the Adams Family I would like to thank Proline Roofing for the Firestone TPO membrane installed at 770 Enterprise Crescent.

During the entire period Proline Roofing provided excellent service. We have found Mauricio and the team to be honest, trust worthy and reliable with their services.

We are also very pleased with the cost and warranty that is provided with the Firestone TPO product. Furthermore, we would be happy to recommend not only the product but Proline Roofing as the installers.

Please contact any of the Adams Family with any questions regarding our business experience with Proline Roofing

Sincerely,

Scott Adams
